## **Pylon plan not supported by SCC**

Suffolk County Council is not supporting the latest proposals by the National Grid to install 114 miles of electricity pylons across the county as part of the “Norwich to Tilbury” project. A number of objections have been raised about the 33 mile stretch of the new works which would run through Suffolk, which includes installing a stretch of cabling under the Dedham Vale Area of Outstanding Natural Beauty. The council is pressing for an offshore solution to be fully researched and considered.

## **Motion denied on safer speeds on Suffolk roads**

At Council on Thursday 13 July, my group proposed a motion for lowering speed limits on rural roads where the safe speed is clearly lower than the current National Speed Limit. The motion suggested that on these roads, a lower speed limit than 60mph would encourage many drivers to slow to a more appropriate, safer speed, thereby reducing accidents and making roads safer for all users. This motion was voted down by the SCC administration without debate.

## **Motion passed on upholding minimum parking standards**

The Council meeting on 13 July also discussed a motion proposed by the SCC administration to uphold minimum parking standards in new developments in the county. This motion was passed by the council, although our group observed that it was difficult for Highways planning officers to object to development plans unless the impact of the plans could show to be severe. It was agreed that the council had a real opportunity to shape plans for local communities by making sure residents’ concerns were taken into account when in consultation with developers

## **Onshore facility proposal for Suffolk Coast**

Suffolk County Council was disappointed to learn that the LionLink interconnector project from National Grid Ventures has identified an alternative landfall at Walberswick, with cable routing making its way to the north of Southwold.

The Lionlink project aims to connect multiple offshore wind farms in the North Sea, instead of individual wind farms connecting one by one to the shore. The project is a joint venture between the UK and the Netherlands, supplying energy to both countries.

The Council will study the details of the new proposals, and will prepare its response to the National Grid’s second public consultation, which opens on 8 September.

## **2023 Tour of Britain Cycle Race**

The world’s best cyclists will be taking to the roads of Suffolk on 7 September, including Tour de France champions. This fifth stage of the national race will start in Felixstowe at 10.45am and go through Kesgrave, Ipswich, Hadleigh, Needham Market, Stowmarket, Framlingham, Leiston and Woodbridge before finishing back in Felixstowe at around

3.30pm. For details of the route and timings, please see the plans for Stage Five on the Tour of Britain website: <https://www.tourofbritain.co.uk/stages/stage-five/>

### **New Fire and Rescue Service Training Centre**

The Suffolk Fire and Rescue Training Centre at Wattisham has had a £1.3m upgrade and was formally opened on 24 August. This includes a new tactical firefighting facility to simulate incidents firefighters may be faced with and help them prepare for the dangerous work they undertake in the community.

### **Social Worker of the Year Awards 2023**

Suffolk County Council's social workers and social care teams have been shortlisted for six awards at the annual Social Worker of the Year Awards. We are really proud of our social workers, who work so hard to help people in often challenging circumstances. The winners will be announced at the awards ceremony in November this year.

### **Support for Ukrainian refugees moving to private rented accommodation**

In May, Suffolk County Council announced a one-off £2,000 support grant for Ukrainian refugees moving on from their host into their own accommodation.

The Independent Living Payment is available to any Ukrainian refugees moving into private rented accommodation after 1 April 2023. Guests must have been living in Suffolk for a minimum of two months and be registered on the Suffolk Homes for Ukraine scheme to be eligible for the payment. This funding can be used for any associated housing costs, including furniture, moving costs or travel to work. The support can be used towards accommodation which is furnished or unfurnished, and accommodation can be in Suffolk or out of county.

Ukrainian guests can apply for the Independent Living Payment and completing the application form on the Suffolk County Council website:
