

Information from Suffolk Highways

Dear all

For your awareness, we are planning to carry out drainage improvement works along Thurston Road and The Green, Beyton.

The works are programmed to take place between 8am and 4.30pm from Monday 9 December to Friday 13 December. During this time, the road will be closed to ensure the safety of highway users and our operatives.

For the duration of the closure, traffic will be diverted via Bury Road, New Road, Thurston Road, Beyton Road and vice versa.

To enable us to carry works out as planned, we ask that local road users please move their vehicles from the area highlighted by 'no parking' cones.

As we plan roadworks in advance, we schedule extra days to allow for bad weather or other delays beyond our control. If we need to make major changes to our work dates, we will update the information signs on site and our social media channels accordingly.

A plan showing the diversion route for these works is attached to this email. When we close the road and put a diversion in place, the route needs to be accessible to vehicles of all shapes and sizes. We make our diversions as clear as possible by placing appropriate signing along the route. The latest updates on our works can be found on the [One.Network](#) website.

There may be times that essential emergency works are required to take place on the highway network without advanced notice – you can follow [Suffolk Highways on Facebook](#) for the latest emergency roadwork updates.

If you have any queries on the above, please contact us on 0345 606 6171.
