

Road Closures Affecting Beyton 13-14 July 2020 (Notice received from Suffolk Highways)

Dear all,

For your information, we are planning to carry out pre surface dressing road repairs on U4928 Quaker Lane, Beyton and U8013 Rougham, as detailed below. The works are scheduled to take place between 13 and 14 July 2020. This will require a temporary road closure each day so that we can carry out our works safely. Traffic cones may also be placed to prevent on-street parking, so our work site is unobstructed.

- U4928 Quaker Lane, Beyton
- U8013 High Rougham, Rougham- From Quaker Lane to Ipswich Road

For the duration of the closure, traffic will be diverted via Ipswich Road, Bury Road, Church Road and vice versa.

As we plan roadworks in advance, we schedule extra days to allow for bad weather or other delays beyond our control. If we need to make major changes to our work dates, we will update the information signs on site.

A plan showing the diversion route for these works is attached to this email. When we close the road and put a diversion in place, the route needs to be accessible to vehicles of all shapes and sizes. We make our diversions as clear as possible by placing appropriate signing along the route. The latest updates on our works can be found on our website at "[Temporary road closures for Suffolk Highways roadworks](#)" and on [One.Network](#) website.

There may be times that essential emergency works are required to take place on the highway network without advanced notice – you can follow [Suffolk Highways on Twitter](#) for the latest emergency roadwork updates.

Please could you use any contacts within your division or parish to circulate this notification. Please contact us on 0345 606 6171 if you have any questions.
